- **Spring Career Counseling Sessions**

Did you know that the Office of Postdoctoral Affairs offers one-on-one career counseling to postdocs? These individualized sessions are intended for you to discuss career-related topics such as career exploration strategies and how to initiate a job search inside or outside of Academia. Alternatively one could utilize this session to receive feedback on their CV, resume, and/or cover letter, or participate in a mock interview.

Winter Career Counseling Hours: Tuesdays, 11am-2pm and Wednesdays, 2:30pm-4:30pm. Please see <http://postdocs.columbia.edu/careerdevelopment.html> for instructions on how to sign up for a career counseling session. March sessions are now available for sign up.

- **Teaching 2.0 – What you need to know to be a successful teacher**

This 10 session teaching course for postdocs will introduce foundational principles of teaching by covering the topics of cognitive theories of learning, course and lesson design, classroom management, assessments, active learning and student engagement, inclusive learning environments, and technology in the classroom. Additional topics covered will include statements of teaching philosophy, the various types of teaching and education careers available, and preparing for a teaching career at a primarily undergraduate institute.

The course is being cosponsored by the Office of Postdoctoral Affairs and the Center for New Media Technology and Learning at Columbia University. The course will be held on Thursday evenings on the medical campus, beginning on April 16<sup>th</sup> and ending on June 18<sup>th</sup>. For more information about the course, including how to register, please visit the course webpage at: <http://bit.ly/postdocs-teaching>. After announcing the course last Tuesday, there was a high volume of registrations in the course and there are currently only a limited number of registration spots remaining in this course, so please do not delay in registering if you are interested in taking this course.

- **Communications Skills Workshops for Non-Native English Speakers**

**Improving Intelligibility: Connected Speech**

How can our spoken English sound more native-like? How can we make ourselves more intelligible to native speakers? In this workshop, we practice the systematic way in which native speakers create “speech flow” which is the result of connected speech. We look at the consonant-vowel patterns important to connected speech and practice and practice them in context. The combination of understanding English prosody and deconstructing speech will transform your spoken English.

- **How to conduct research that gets published and noticed – a monthly series for postdocs**

Publishing one’s research in a top tier journal is often the goal for both a postdoc and their PI. This accomplishment, first and foremost, requires innovative and groundbreaking research. Not to be overlooked though, are the steps and processes taken when conducting the research that eventually may lead to a high impact publication. In this monthly seminar series we will examine the research life cycle for a postdoc from research design best practices through considerations for getting a publication noticed. Throughout the series we will use the theme of publishing one’s research to delve into topics related to conducting research with integrity. The series will run from the months of April through November occurring from 12-1 PM on the third Thursday of each month at CUMC with lunch provided. Further information about the entire series can be found at: <http://postdocseries.wikischolars.columbia.edu/home>

The series will kick off on Thursday, April 16<sup>th</sup> from 12-1PM with the first session focusing on roles and responsibilities for Postdocs and best approaches to being mentored and devising an authorship strategy. This session will be led by Joel Roselin, the Assistant Director of Research Compliance Education in the Office of Research Compliance and Training.

When: Thursday, April 16<sup>th</sup> 12-1 PM (lunch provided)

Where: (CUMC) Hammer Health Sciences Building, room LL209A/B

Registration (first session only): <https://calendar.columbia.edu/sundial/webapi/register.php?eventID=77619>

- **Postdoc Seminar Series – Call for Speakers for Next Sessions**

This is a call for speakers for our next Postdoc Seminar Series sessions taking place on Tuesday, April 21<sup>st</sup> and Tuesday, May 19<sup>th</sup>. Campus location of the session will depend on campus location of speakers. Postdocs

interested in being a speaker at one of these Postdoc Seminar Series sessions should email [rf2531@cumc.columbia.edu](mailto:rf2531@cumc.columbia.edu).

The Postdoc Seminar Series is a monthly seminar series given by Columbia University postdocs featuring:

**A “TED” style talk** - A 10-15 minute presentation designed for a broad audience. Lose the jargon and data rich slides and tell us the story of your research to convey its significance. This format is ideal for those on or soon to be on the job market.

**A traditional research seminar** – A 20-30 minute standard research seminar presentation. Set up the context of your research and then show us your experimental approach, data, and conclusions. We'll give you feedback and perhaps a perspective you had not thought of before.

To occur at noon on the 3<sup>rd</sup> Tuesday of each month - free lunch provided. All postdocs are encouraged to attend and learn about the research projects being undertaken by their Columbia postdoc peers. We will also provide an opportunity for the audience to give feedback to the speakers on their presentations.

- **Postdoc Council Newsletter – Submissions Wanted**

The Postdoc Council Newsletter Editorial Committee welcomes you to submit content for the Postdoc Council Newsletter, a quarterly publication with its first issue set for release in early May. The newsletter will have a variety of sections specifically relevant for you, the Columbia University Postdoc Community. There are a few sections of the newsletter in which we are seeking content submissions, please see below. If interested, please submit content for these sections by following the instructions provided. We will be accepting content submissions through April 15<sup>th</sup>.

To submit content for any of the sections above, please send an email to [cupostdocnewsletter@gmail.com](mailto:cupostdocnewsletter@gmail.com) with a subject line: Newsletter Submission. Please include your full name and department in your email along with which section you are providing content for. You may submit your content either directly in the email or as an attachment. We are accepting content submissions from now through April 15<sup>th</sup>, with the publication of the newsletter slated for May 11<sup>th</sup>. Please ensure that any content submitted, particularly any housing want ads, will be relevant for an early May newsletter print date.

- **Office of Postdoctoral Affairs LinkedIn Group – Job ads and Career articles**

Do you have a LinkedIn account? If not, you should – networking is invaluable for landing the position you will seek following your training. If you do have a LinkedIn account, you should strongly consider joining the Columbia University Postdocs and Postdoc Alumni Group on LinkedIn. You can join the private group by searching for 'Columbia University Postdocs and Postdoc Alumni' under groups and submitting a request to join. The group has grown to 630 members, and beyond current Columbia Postdocs, there are also numerous Columbia Postdoc Alumni members that are employed across many different career sectors belonging to the group. The Office of Postdoctoral Affairs frequently receives position openings and job ads from employers both within and outside of Academia and we post these job ads exclusively on the LinkedIn group page. We also post relevant and timely career articles and pieces about the job market, professional and career development topics, and advice columns. Join the group today to start taking advantage of this great resource!

- **Office of Postdoctoral Affairs Website**

Did you know that the Office of Postdoctoral Affairs (OPA) maintains a website ( <http://postdocs.columbia.edu/> ) containing a wealth of information for postdocs? What types of information can be found on the OPA webpage? The Postdoc handbook with policies and procedures around being a postdoc at Columbia, the OPA monthly events calendar, funding opportunities, as well as career resources with listings of groups to join, webpages to browse, and job search sites to utilize. This is by no means an exhaustive list, so be sure to take a spin through the OPA webpage to see what information is most relevant and helpful to you. If you feel there are pieces of information that should be added to the OPA webpage that are not currently there, please let us know, as we are always looking to provide the most relevant and useful information to Columbia Postdocs.

## **Social/Networking Events:**

- **Postdoc Weekly Coffee/Tea Hour – Morningside**

These coffee/tea hours are a great way for you to meet other postdocs and hear about upcoming events. The coffee/tea hour is informal and you can stop by for as long as you would like.
